

WATERFILTER.DIRECT HYDRO-BOOST-RO

**Designed for exceptional
tasting water. chemical
elimination and easy
installation, engineered with
superior filter media including
remineralization with pure
calcium and magnesium
minerals creating Hydrogen
water in its most natural form**

- ✓ **99% Chlorine reduction**
 - ✓ **Improved taste with remineralisation**
 - ✓ **4500 L Cartridge life**
 - ✓ **Easy installation**

Protects against

Bacteria

Sediment

Chlorine taste, odour

Chemical reduction

HYDRO-BOOST-RO

Protects against

- Removes and reduces pathogens including E. Coli, Cryptosporidium and Giardia, making it safe for drinking.
- Removes sediment and improves taste, colour and odour of, Chlorine, Chlorimine, PFAS, PFOA, Pesticides, VOCs, DBP-THM, Carcinogens, bore water and town water.
- Corrosion-resistant.
- Premium filter media
- Complete installation kit for quick 'plug & play' installation.

Harnessing the natural prowess of pure magnesium minerals
Hydrogen-Rich Water
Multi-effects Antioxidants & Alkaline
Hydrogen, the fundamental element behind the structure and distribution of a myriad of compounds, plays a pivotal role in sustaining human life and fostering biological functions.
Extensively studied in medical science, hydrogen stands out as a potent endogenous antioxidant, renowned for its exceptional ability to combat free radicals effectively. What's more, its intrinsic nature boasts a remarkable absence of side effects, positioning hydrogen as a green, environmentally friendly antioxidant.
Introducing Hydro-Boost – harnessing the natural prowess of pure magnesium and magnesium minerals. Through a meticulously crafted process, this innovative filter system transforms water into hydrogen-rich goodness with alkaline properties, imbued with antioxidant benefits and essential nutrients.
By leveraging the inherent reaction between magnesium and water, Hydro-Boost not only provides hydration but also delivers a revitalising experience that nourishes the body from within. Experience the transformative potential of hydrogen-rich water and elevate your wellness journey with Hydro-Boost – the epitome of purity, performance, and unparalleled health benefits.

WHAT'S INCLUDED

- Filter Head unit
- 5 x advanced quick change filter cartridges
- Installation kit including filter tap and all components for complete installation

- 1.8m 10mm Tube
- 3 way Isolation valve
- M/I & F/I connectors
- 5 mm Elbows F.I
- 5 mm Elbows M & F
- Pressure limiting valve
- Stainless steel tap
- Tank
- Waste clamp

System Must be installed be a Lic Plumber.
ATTENTION: Use GENUINE replacement Water Filter Direct filter cartridges and components.

Models & Specifications

Model	Dimensions			Inlet-Outlet	Seal	Warranty
	Hight	Width		5mm	O-Ring	5 YEARS
Hydro-Boost	330	255mm		5 mm tube		

Model	Inlet	Outlet	Volume	Flow			Maximum Pressure
Hydro-Boost	5mm	5mm	4,500L	4.5LPM			500kpa

Inlet Water Pressure: 250 > 500kpa - AS = 500kpa
